Annual Reports

OF THE

TOWN OF NEWBURY

NEW HAMPSHIRE

For the year ending

DECEMBER 31, 1967

State of New Hampshire

These are to notify and warn all the inhabitants of the Town of Fishersfield that are legal voters to meet at the Dwelling House of Charles Emerson ^{3rd} in said Town on Monday the 16th Day of this instant March at Nine of the Clock in the fore noon then and there to act on the following particulars —

- 1st To Choose a moderator —
- 2^d To Choose a town Clerk —
- 3^d To Choose Select men —
- 4^d To Choose a Constable —
- 5^d To Choose Tything men —
- 6^d To Choose Surveyors of Highways —
- 7^d To Choose all other town officers that shall be thought proper —
- 8^d To Determine what height fence shall be to be sufficient —
- 9^d To see if the Town will allow Swine to run on the Common —
- 10^d To see if the Town will give orders to the Select men to lay out roads —
- 11^d To see if the Town will agree to hire a man to preach part of the year ^{in spring} —
- 12^d To see if they will vote a sum of money ^{to} Defray the Charges of the town ^{in Fishersfield} the first Day of March 1779

TOWN TOPICS

Fire Ponds . . .

During 1967 the Fire Pond in South Newbury was deepened by about four feet to insure an adequate supply of available water during the dry summer months. Final grading and planting are planned for 1968.

Also during 1968 the Fire Department will explore and determine the best site for another Fire Pond at Mt. Sunapee. Further information on this work will be given by the Fire Department as the work progresses.

Old Town Records . . .

Many fine old maps and records have been found during the cleaning work in the Town Vault. These are being evaluated and files have been installed to provide safe and accessible storage for these valuable Town papers.

For instance, there is a detailed statement covering the land purchase and building of the Town Hall during the summer and fall of 1876, totalling just under \$1,100.00. Copies of some of these papers will be furnished the Library for reference work.

Sorting has been done according to an established schedule. Everything is kept for at least six years, but the Town is keeping such records for eight years. After this time only specific papers are retained.

Street Lights . . .

Street lighting in the Town of Newbury will be greatly improved if Public Service, Newport, will be notified when a street light is not working after dark.

There is no patrol to check street lights. Therefore, it is the responsibility of each resident to check and notify Public Service.

Town Buildings . . .

During 1967 a lot of work was done on Town Buildings.

The Library was painted with the interest from the Jennie J. Folsom Library Trust Fund.

The Highway Garage was painted by the Highway Department men.

The Brook-Keefe Memorial Hall has a new roof partially on.

The Selectmen's Office has been painted to match the Town Hall. The office has been redecorated with new paint and drapes; and a framed State Seal furnished by Rep. Kenneth Sherman. A tiled ceiling has been installed around flush-mounted lights. Overloaded electric circuits were replaced to give safe wiring. The conference table was replaced with metal desks.

The Town Vault has been rearranged and furnished with metal files to safely store permanent records.

The former Library over the Town Office has been assigned to the Planning Board. Lights have been installed over the conference table formerly used by the Selectmen. This room will provide ample wall and work space for maps and records used by the Board.

Highway Department . . .

The condition of the Town roads continues to improve each year. The Town Road Aid program is of great help since by Newbury paying \$1,023.22 during 1968, the State will pay \$6,821.47 for major work on a specified road. At present this work is being done on the Between-the-Mountains Road from the Newbury Cut.

Such work plus snow handling is hard work and does wear out equipment. The time has come to buy a new truck. However, the truck to be replaced, a 1957 Mack dump, will not be traded, but will be kept for work when needed. The trade-in value does not warrant its loss.

Sub-division Controls . . .

The day has arrived when land is being bought; cut into lots facing on new roads that meet no particular specifications, and, most of all, are divided into lot sizes with no regard whatever for soil conditions that may or may not handle safe sewage disposal.

For these reasons the Planning Board and the State strongly recommend that the Town approve Article 8.

Sewage Disposal Inspection . . .

Lake Sunapee, Lake Todd, town ponds and brooks are largely responsible for the great number of summer neighbors and property owners we enjoy in Newbury.

Water pollution is an ever increasing problem. Our waters in Newbury are not contaminated by factory or manufacturing waste. However, household waste is a real problem and becoming greater each year.

Newbury, New London and Sunapee Towns this year will ask their voters to approve a small appropriation (Article 9) to make an on-the-spot inspection of each property fronting on Lake Sunapee and also the inlets and other water sources that flow into the Lake. In future years it is hoped that all waters will be thoroughly covered.

From: Donald F. Bent

Subject: Water Survey Report - 1967

As approved by the executive committee at the 1967 annual meeting of the Association, a detailed survey of the sanitary quality of Lake Sunapee water was made on August 28th 1967. This date was a Monday, immediately following a weekend of maximum lakeside population and use. The

accompanying map shows the test sites together with the coliform counts per 100 ml of water.

The intent of the 1967 survey was to sample as many areas as possible with high pollution potential (as indicated by the density of habitation and topographical factors), in order to discover unsuspected sources of pollution and also determine the source of past high coliform counts in certain areas of the lake, particularly Georges Mills and Sunapee Harbor. Table I lists the number and identifying landmarks of all sampling sites for the 1967 survey. From this list and from the map it can be seen that a number of samples contained, at the time of testing, more than 50 coliform organisms per 100 ml of water. This is the maximum coliform level allowable for Class A surface water. Therefore the 1968 water survey and septic system survey should first concentrate on these "high count" areas to determine whether faulty sewage and drainage systems are responsible, and further to take official action to eliminate such sources of Lake Sunapee pollution as may be discovered.

For purposes of comparison, Table II lists the 1967 coliform counts, (single sampling) with the ten year summer average coliform counts. Although average counts appear higher than usual this year, it is not to be interpreted as indicating any general lowering of Lake quality. Rather, it should be kept in mind that this year's sampling was purposely prejudiced by the choice of sampling time designed to uncover sources of pollution not detected under the usual conditions of random sampling during each of the three summer months. It is also to be noted that the average yearly counts are calculated from the sum of counts from both low and high usage periods of any one summer.

As in the past, all samples were tested following the membrane filter technique as set forth in **Standard Methods for the Examination of Water and Wastewater**, published by the American Public Health Association, American Water Works Association, and the Water Pollution Control Foundation.

Respectfully submitted,

Donald F. Bent, Ph. D.

Total Lake Average	12.3	23.5

Radio Communication Equipment . . .

The Town of Newbury now has a part of a new radio communication system installed and at work. A new wave length has been assigned by the FCC to make possible a system that can unite the Police, Fire, Forest Fire and Highway Departments.

The old equipment still in use is all over ten years old and confined to a wave length that does not permit such inter-communication among the Departments.

Funds for this purchase were provided from Civil Defense, Police and Forest Fire appropriations.

Articles 14 and 15 will provide protable units needed towards completing the systems.

Sewer Extension . . .

Our summer neighbors owning property along Bowles Road from the end of the present sewer lines in Blodgett Landing to and including Coleman Point have petitioned an extension of the sewer systems to serve each property.

Revaluation . . .

The Selectmen recommend that a complete appraisal of all property within the Town of Newbury be made by the State Tax Commission.

Th work can be scheduled for 1969; the cost will be about \$8.50 per parcel based on today's costs; payment can be made over a three year period; and valuations will be determined at 100% of current values.

It is important that a complete review of property be made periodically by outside professional appraisers to insure equalized valuations throughout the Town.

An Article in the Warrant covers this work.

FROM STATE TAX COMMISSION

NOTICE:

"Revised Statutes Annotated 75:1 states: "The selectmen shall appraise all taxable property at its full and true value in money as they would appraise the same in payment of a just debt due from a solvent debtor, and shall receive and consider all evidence that may be submitted to them

relative to the value of property, the value of which cannot be determined by personal examination."

This provision is the only legal basis upon which all taxable property should be appraised for the purposes of taxation and upon which all taxes should be assessed. The courts have determined that the phrase "full and true value" means sale value, or the price the property would sell for in a fair market between a willing buyer and a willing seller; i. e., a buyer who would buy but does not have to buy and a seller who would sell but does not have to sell where the seller attempts to obtain the highest price possible and the buyer tries to purchase for the least amount. It does not mean an inflated value nor a deflated value but the price which the property would bring at a normal sale on April first, the date of assessment.

The fact that a property owner makes no use of available municipal services or facilities such as police, fire or schools, has no bearing upon the value of his property. Lack of services such as rubbish collection, street lights, sidewalks, repair and maintenance of private roads, etc., if affecting the value of property would presumably be reflected in the selling price. Because such services are not available is not sufficient reason to appeal for abatement.

The fact that a person has performed his own labor upon his property or that low quality or used material entered into the construction of a building has no bearing on its worth other than it affects the sale value of the property. The test is not what the property cost but what it would sell for in a fair market on the date of assessment, namely April first in each year. The amount a person paid to purchase a piece of property, while evidence to be considered, is not conclusive of its value. A person may have paid more or less than the property is worth.

Property values change from time to time. Economic and social conditions affect the value of property and these are reflected in the sale value. The fact that such changed economic or social conditions increase the values of properties and thereby increase the taxes and work an inconvenience or actual hardship upon the owners may not be considered in the appraisal of property and assessment of taxes. All property is to be appraised upon the basis of its value for

the use for which is best adapted, regardless of the actual use being made of the property. It is possible that some types of property because of economic conditions have increased in value to a greater extent than others and if because of this the assessment on a property is increased by a larger percentage than on others this is not sufficient reason to appeal for abatement.

Before one complains about the appraised value of his property he should consider the price for which it might sell if it were placed on the market. If he is unfamiliar with the values or sales prices of similar properties in the town, he might possibly discuss the matter with someone familiar with such values.

If a person feels that the appraisal of his property is greater than the price at which he could sell it if it were placed on the market he has a basis for asking for a review of the value by the tax commission.

Comparison by the owner of the value placed on his property with other selected individual properties is not a sound basis for asking for a review. The legal test is whether the property of the complainant is assessed at a higher proportion of its value than all property generally in the taxing district."

Photograph of the 1779 Warrant — courtesy of Arthur Shadis.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Newbury, N. H., in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said South Newbury on Tuesday, the Twelfth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing.

Article 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

Article 3. To hear reports of Town Officers, Agents and Committees heretofore chosen and pass any vote relating thereto.

Article 4. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Article 5. To see what action the Town wishes to take in regard to disposing of property acquired by Tax Deed.

Article 6. To see what action the Town wishes to take in raising and appropriating the sum of \$1,023.22 for Class V roads (Town Road Aid); the State to contribute the sum of \$6,821.47.

Article 7. To see what action the Town wishes to take in increasing the membership of the Planning Board from five to seven members including one selectman.

Article 8. To see if the Town will vote to authorize and empower the Planning Board to approve or disapprove in its discretion new subdivisions and plats thereof showing streets, or the widening thereof, or parks, and upon the adoption of this Article, it shall be the duty of the Town Clerk to file with the Registry of Deeds of the County of

Merrimack a certificate or note showing that the said Planning Board has been so authorized, giving the date of authorization, as provided in Section 19, and Sections 19-29 inclusive, Chapter 36 of the New Hampshire Revised Statutes Annotated, 1955. If this Article is adopted, it shall further be the duty of the Town Clerk to issue all certificates of failure when the Planning Board shall fail to take action as provided in Chapter 36: Sections 19, 20 - 29 inclusive.

Article 9. To see what action the Town wishes to take in regard to a regular inspection by the Health Officer or his assistant, during the summer months, of the sewage disposal facilities of all properties on the shore of Lake Sunapee and also the condition of inlets and other waters draining into the Lake; and to raise and appropriate the sum of \$1,000.00 for this work during 1968.

Article 10. To see what action the Town wishes to take regarding the purchase of a new dump truck for the Highway Dept. and to raise and appropriate a sum of money not to exceed \$14,000.00 for same.

Article 11. To see what action the Town wishes to take regarding the withdrawal of \$6,000.00 from the Highway Department Trust Fund for Equipment towards the purchase price of the truck specified in Article 10.

Article 12. To see what action the Town wishes to take in discontinuing the sections of Highway 103 now unused as a result of the reconstruction, Project F 014-1 (4), in the Town of Newbury, as follows:

Between Station 105 + 40 and Station 126 + 60
Between Station 133 + 70 and Station 141 + 90
Between Station 158 + 80 and Station 168 + 00

Article 13. To see if the Town will vote to raise and appropriate the sum of \$300.00 to become a participating member of the Area Public Health Nursing Service.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$1,200.00 for the purchase of two additional Motorola portable radios for the Police Dept.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$1,200.00 for the purchase of two Motorola portable radios for the use of the Highway Department.

Article 16. To see what action the Town wishes to take in extending the Blodgett Landing Sewer System from Blodgett Landing to Coleman Point along Bowles Road as requested by Petition signed by eighteen (18) property owners along Bowles Road between the above points.

Article 16A. To see if the Town will vote to authorize the Selectmen to file in behalf of the Town an application (in form and manner required by the United States and in conformity with P.L. 560, 83rd Congress) and to do whatever else may be required for an advance, in the amount of \$5,000.00, to be made by the United States to the Town of Newbury to aid in defraying the cost of preliminary report and plan preparation for sewerage and sewer treatment facilities for the Town of Newbury, and further to see if the Town will make the necessary arrangements to provide such additional funds as may be required to defray the cost of preparation of the report and plans.

Article 17. To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be added to the Highway Department Equipment Trust Fund.

Article 18. To see if the Town will vote to accept the road serving the cottages on the Bunker and Gillingham properties along Todd Lake, subject to the approvals of the Road Agent and the Board of Selectmen.

Article 19. To see what action the Town wishes to take regarding the installation of water and toilet facilities in Veterans Hall, Newbury, and to raise and appropriate money for same.

Article 20. To see if the Town will vote to have all property within the Town reappraised by the State Tax Commission and to raise and appropriate money to pay for same, payment to be arranged over a three year period.

Article 21. To see if the Town will raise and appropriate the sum of \$500.00 to establish a fire boat to be located on Lake Sunapee during the summer months.

Article 22. To see if the Town vote to enact the following Ordinance:

WHEREAS, RSA 106-C, Laws 1967, ch. 431 entitled "Emergency Police Assistance" was enacted, and

WHEREAS, said Chapter 106-C provides that a municipality may by ordinance authorize that municipality's chief of its police department to extend assistance in time of emergency to any other county or municipality,

BE IT THEREFORE RESOLVED, that the chief of police of the Newbury Police Department, New Hampshire is hereby authorized to act pursuant to the provisions of RSA 106-C, as inserted by Laws 1967, ch. 431, as now enacted and as may be amended,

AND without limiting the generality of the foregoing;

A. Is hereby authorized to extend assistance in time of emergency to any county or municipality in the State in accordance with the provisions of RSA 106-C, as inserted by Laws 1967, ch. 431, and

B. Is hereby constituted the duly authorized representative of the Police Department for the purpose of making claims under section 5 of said chapter.

PROVIDED NEVERTHELESS that the chief of police or other head of the Police Department may in his discretion donate said services to said county or municipality in accordance with the provisions of section 8 of said chapter, and

C. Is hereby authorized to enter into agreements with counties and municipalities within the State concerning the methods by which emergency police assistance will be rendered.

Article 23. To transact any other business that legally may come before said meeting.

Given under our hands and seal, this Twenty-third day of February, in the year of our Lord nineteen hundred and sixty-eight.

Walter M. Roberts
Merle S. Rich
Jack G. Sweeney
Selectmen of Newbury

A true copy of Warrant—Attest:

The law, RSA 252:13 provides: that all sewer assessments and sewer rentals committed to the collector with a warrant under the hands and seal of the Selectmen of Newbury and requiring collection, shall relate to lien upon property to secure their payment, and the manner of collection by the collector of taxes.

Violet A. Jones
Tax Collector

I hereby certify that the accounts of tax levies for the years shown, are correct to the best of my knowledge and belief.

Violet A. Jones
Tax Collector

SUMMER '67 AT THE INFORMATION BOOTH

The booth opened the last three week-ends of June because of the activity in the area.

Through the end of July
 456 cars stopped
 1558 people

The cars were from
 21 States
 3 Canadian Provinces
 1 Brazil car on way to Expo.

We were able to fill 71 accommodations for motel units, cottages, and cabins.

49 young people in different groups asked for Youth Hostel.

Various questions were asked including the following:

Points of interest

Camp sites

Where to obtain fish and boat licenses

Boat launching (town property mostly)

Boat rentals

Swim area belonging to town.

Water-ski rentals and lessons

Activities in area for children, and grown-ups

Golf courses.

State Park and State Beach

Restaurants

Antiques

Real estate dealers

Mountain trails to climb

Train and bus schedules

Churches

Dump

Directions to places and route numbers far and near.

August 1, 1967

There were fewer cars and fewer people in August, due, probably to rain and cool weather. Also, no doubt, the Expo, and road construction close to town had a lot to do with the number of cars travelling on roads.

There were cars from

22 States

3 Canadian Povinces

1334 people

407 cars

101 requests for Lodge accommodations, and most of them we were able to fill.

20 Youth Hostel.

9 telephone calls for information of all kinds.

Practically the same requests and information asked as in July by those stopping at booth. There were, however many more asking for camp sites, and most of them wanted to be on or near water.

September 1 - 16

We opened for two week-ends after Labor Day — 8 days in all. The weather was very poor both week-ends. A total of 9 States, 2 Canadian Provinces, 61 cars, 228 people.

Seasons total

924 cars, 3120 people, 29 States, 5 Canadian Provinces.

REPORT OF NEWBURY FIRE DEPARTMENT

Fires reported during 1967:

Mar. 20	6:45 p.m.	State Park Lodge—Glove in light fixture.
April 25	5:30 p.m.	Bradford Garage — Total loss.
April 30	4:00 p.m.	Birchfield Development — Woodpile on fire.

Nov. 11	6:00 p.m.	Blodgetts — Car fire
Dec. 1	9:00 a.m.	Resthaven — Overheated furnace
Dec. 18	1:30 p.m.	Hayes Estate — Brush fire

During the year we have had numerous fire drills using all the equipment, attended several fire schools, had the new truck in Newport, New London and Warner parades, and held a second open house. The Harbor Club donated a bingo night to the fire department.

We are still working on the tanker truck. We have purchased a new foam nozzle and foam for use on gasoline fires, especially trucks; more coats, boots and helmets; hand lights, and a 1500 gallon canvas water tank.

We appreciate very much that our annual banquet was given us this year by Kay and Freddie Lust of Lakewood Manor.

My personal thanks to everyone on the department and to the ones who have helped make the department a better one.

WAYNE LaPORTE

Chief

Town of Newbury, N. H. FIRE WARDEN'S REPORT

First, the Warden and Deputies wish to thank the residents and summer visitors for their cooperation in making this one of our better fire years.

Only one-half acre burned and that resulted only in small damage. This is only possible with the help of all.

Those in the north part of Newbury and Blodgetts can get their fire permits from George Croteau. Those in the south part of Newbury can get theirs from Merle Rich.

Remember it is necessary to have incinerators checked by one or the other of these two and a permit issued for their use.

MERLE S. RICH
Warden

REPORT OF FOREST FIRE WARDEN & DISTRICT CHIEF

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 A. M. - 5:00 P. M. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump
3. Keep a clean, safe town dump.
4. Exercise care with smoking material — use the ash-tray.

What Is The Law?

To many people it is many things, but to us —
 Its genesis is the Code of Hammurabi in 2100 B. C.
 And the Ten Commandments from the Bible;
 It is the Code of Justinian in 529 A. D.
 And the Magna Carta signed in 1215.
 It is the Declaration of Independence in 1776,
 The Constitution in 1789, and the Bill of Rights in 1791;
 It embraces the Municipal Police Act of Sir Robert Peel in
 1829.
 The law is what man has strived for from the beginning of
 time —
 What he has suffered and fought for.
 Today, the Law is what enables each and every one of us
 To do what we wish in a safe and orderly manner.
 It protects us from those who deviate from the lawful norm;
 It protects us and ours and our property —
 Safeguarding our constitutional and God-given rights.
 It makes our nation and our society
 That which we are proud to be members of —
 It is the Democratic way,
 This is the Law! *

TOWN OF NEWBURY, NEW HAMPSHIRE**Office of Selectmen****South Newbury**

January 25, 1968

We, the Auditors of the Town of Newbury, have this day audited the books of the Selectmen, Treasurer, Town Clerk, Tax Collector, and Trustee of Trust Funds, for the year 1967, cast their figures, compared their vouchers and found them to be correct.

Daniel V. Cunningham

F. Arthur Larson

Auditors

THE NEWBURY PUBLIC LIBRARY

1967 has been another good year for the Library. We appreciate the appropriation that makes it possible and the patronage of year-round and summer visitors that makes it worthwhile.

We loaned 4,214 books during the year — the biggest month was July with 629 let out.

We bought 80 adult books and 72 juvenile books. We borrowed several books from the State Bookmobile.

We had an Open House on April 17, 1967 in observance of National Library Week with an arts and crafts exhibit of local talent — 32 exhibits.

TOWN MEETING MARCH 14, 1967

Before the meeting, Charlotte P. Allen as Acting Town Clerk for the Town Meeting and Barbara Mitchell as Ballot Clerk were sworn into office by the moderator, Randolph H. Milligan.

The Town meeting was opened by the moderator, Randolph H. Milligan at 9:19 A. M. The warrant was read and the polls open for voting on Article #1 until 6 P. M.

At 10 A. M. the meeting was called to order.

Article 2: Budget read.

Motion by Harold Folsom that Article 7 be passed before the action on Article 2 is completed. Seconded and so voted. Mr. Walter Roberts move that there be a discussion on all articles or subjects before vote. Seconded and so voted.

Article 3. Laid on table until later in the meeting.

Article 6. Authorization to borrow money.

Motion by Mr. Webb Rogers that the article be approved as read. Seconded and so voted.

Article 5. Disposing property.

Mr. Roland Kinsman moved that the selectmen sell tax acquired property by auction.

Mrs. Katherine Lust moved that the motion be amended to include that the property be advertised for three weeks. The amendment was accepted.

The motion as amended was seconded and so voted.

Article 6. TRA.

Mr. Roland Kinsman moved that the article be accepted as read.

Seconded and so voted.

Article 7. Wage scale.

Mr. Merle Rich moved the article be adopted. Seconded.

Mr. Harold Folsom stated that it would raise the wages in the budget about 10%.

Mr. Harold Folsom moved to amend the article that present employees receive the top of the wage scales and new ones start at base rate.

Mr. Clarence Perry moved to amend the article to raise and appropriate a sum of money, to be determined by the selectmen, before the budget is approved.

Mrs. Katherine Lust moved the article be amended to allow the article to cover Highway, Police, Cemetery, and Dump employees.

The amendments were accepted by Mr. Merle Rich and the article as read and amended was seconded and so voted.

Return to Article 2. Budget

Mr. Clarence moved that the budget be amended to raise the Health Department, including Hospitals from \$650.00 to \$1,000.00 \$50 to be given to the Red Cross and balance to Hospitals in the same division as before.
Seconded and so voted.

Mr. George Purple moved to raise the Library appropriation from \$1,200.00 to \$1,300.00 to allow an increase for the librarians.
Seconded and so voted.

Motion by Webb Rogers that the budget remain open until after lunch.
Seconded and so voted.

At this time Mr. George Purple read the report of the Library Committee.

Article 8. Fire Department

Mr. Roland Kinsman moved that the article be accepted as read.
Seconded and so voted.

Article 9. Dry Hydrant

Mr. Walter Croteau moved the article be adopted.
Seconded and so voted.

Article 10. Street Lights

Mr. Arthur Jones moved that the article be accepted and 3 lights be installed — 2 at Bay Point and 1 at the entrance to Newbury Heights.

Second. Vote.

Mr. Clarence Perry moved to increase the budget for street lighting from \$3,500.00 to \$3,700.00.

Second. Vote.

Recess for lunch until 1 P. M.

Article 11. Nancy Farmer Land.

Mr. Clarence Perry explained the purpose of the article.

Mr. William Pomeroy requested that Mr. Gagliardi of Spruce Hills, Inc. be allowed to speak. There were no objections. He explained his intentions regarding the property.

Motion by Mr. Roland Kinsman to table Article 11.

Seconded. Vote NO.

At this time Mr. Roland Kinsman offered \$50.00 per acre for the so called Nancy Farmer property. He requested that the minutes of the meeting have this offer recorded. There was no objection to the request. (As Article 11 was not intended as an auction, the offer could not be considered at this time.) Mr. Gargiardi was asked if Spruce Hills, Inc. would consider a higher sum per acre. He indicated \$10.00 more would be agreeable.

Motion by Clarence Perry to authorize the Selectmen to sell the so-called Nancy Farmer land of approximately eighty acres, situated near Chalk Pond as described in Article 11, to Spruce Hills, Inc. at a figure arrived at by them. (Understood to be \$30.00 per acre) The transfer to include the restrictions as stated by Mr. Gagliardi for Spruce Hills, Inc. in open meeting.

Seconded. Standing Vote Yes 54 No 21.

Article 12. Chalk Pond Road.

Motion by Clarence Perry to pass Article 12 as printed.

Seconded and so voted.

Article 13. Folsom Trust Fund.

Mrs. Marie Lubinger moved the article be accepted as read.

Seconded and so voted.

Article 14. Highway Equipment.

Motion by Webb Rogers to accept article as read.

Seconded and so voted.

Article 15. Planning Board.

Mr. Merle Rich moved the article be accepted as read.
Seconded and so voted.

During the discussion of the article members of the Planning Committee reported on the work they had done and made suggestions.

Article 16. Hugh O. Bly Trust Fund.

Mr. Merle Rich moved to accept the article as read.
Seconded and so voted.

Article 3. Reports

Mr. Clarence Perry moved reports be accepted as printed.
Seconded and so voted.

Article 17.

1. Motion by Mr. Webb Rogers that the fire department be instructed to keep the dry hydrant at Blodgett's operable year round. Seconded

The Selectmen will arrange with the Fire Department to do whatever can be done.

2. Mr. Merle Rich spoke of the possibility of furnishing a suitable road in place of the old country road at Newbury. He moved that this be done by the Road Agent for about 200 feet.

Seconded and so voted.

3. Motion by Mr. Walter Roberts to transfer the balance of funds, after outstanding obligations are met, from the Planning Committee to the Planning Board.

Seconded and so voted.

4. Mrs Marie Lubinger announced that the Library Trustees intend to start an historical room in the Library, and request articles. Also there will be a display during Library Week and would appreciate loans of historical interest.

5. Mr. Clarence Perry reviewed the advisability of reserving a right of way in the rear of the School to give access to the Park 10 lots. Mrs Marion Smith stated it was in the plans.

6. Mr. Kenneth Sherman offered the following:
Resolved: That the Town of Newbury go on record as expressing its appreciation to Harold Folsom and the road crews for their superior work on the roads this winter.

7. It was also noted that the Planning Committee and Selectmen should be commended for their work.

8. Mr. Roy Parsons asked about the progress of the Selectmen to get the Park 10 property onto the tax records. Mr. Rich stated it was progressing.

9. Mr. Austin Lawler spoke of the entrance of So. Newbury on to 103 and suggested that the Selectmen contact the Public Works Department to improve the visibility of the intersection. Mr. Perry also suggested they be commended for their improvements in town this year.

Mr. Milford Newell also mentioned the corner on the South Road.

10. Mr. Austin Lawler, in behalf of those present, thanked the moderator and clerk for their patience during the day.

Article 2. Budget.

Mr. Merle Rich moved that the budget be accepted as printed plus the amendments and the Kearsarge School budget and the County Tax when available.

Seconded and so voted.

Amendments to Budget:

Police Department	from	\$ 4,000.00	to	\$ 4,400.00.
Health	from	650.00	to	1,000.00.
Town—Summer	from	7,150.00	to	7,865.00.
Town—Winter	from	10,000.00	to	11,000.00.
Perm. Imp.	from	4,000.00	to	4,400.00.
Cemeteries	from	1,540.00	to	1,694.00.
Street Lights	from	3,500.00	to	3,700.00.
Dump	from	1,750.00	to	1,925.00.
Libraries	from	1,200.00	to	1,300.00.

Added to Budget \$3,494.00

Polls closed at 6 P. M.

Total ballots cast — 115.

1967 COURTESY TOWN MEETING

NOTICE

All voters and taxpayers, resident and non-resident are hereby notified that there will be a special Courtesy Town Meeting to be held at the Town Hall, South Newbury, at 7:30 p. m., Saturday, August 12, 1967. Matters of vital interest to each property owner will be discussed. The Newbury Planning Board will present soil-type maps to aid in foundation and septic tank installation. They ask your ideas on land use and control.

Help Your Town — Be There.

Signed:

Walter M. Roberts

Merle S. Rich

Jack G. Sweeney

Selectmen

Mr. Roberts, Chairman of the Board of Selectmen spoke briefly on the Planning Board about Officials of the Town of Newbury and our Representative to the General Court.

Mr. John Howard, President of the Lake Sunapee Protective Association spoke on what the Association was trying to do such as preserving the beauty of the Lake, etc.

Col. L. C. Leonard also spoke in regard to interesting and adding new members to the Association.

Ques. Pollution of Lake Sunapee, what provisions are made to check the toilets of cabin cruisers?

The Moderator, Mr. Milligan, explained that Lake Sunapee is State waters and that this subject would have to be taken up with Public Utilities.

Ques. Regarding old State road, by Katherine Louis, Lake Todd. Is it abandoned partially? If retained, by whom? Is it possible to buy? Is retained portion changed?

Moderator asked the Selectmen if notice had been received of State abandoning it and its reverting to Town.

Mr. Roberts stated that as yet no Notice had been received. Also, that it could not be sold except by sealed bid, taken up with Highway Department.

Ques. What is the plan concerning extending the sewer service from Blodgetts along Bowles Road—at least as far as Colemans? Mr. DeVean

Mr. Sweeney stated he knows of no plan for the extension of the sewer line.

Mr. Marquis stated that this same question had come up two years ago. In Report of 1964 the question: "When will the sewer be put thru Bowles Road? Is there any estimate of the cost per family?"—G. E. Ludes That land had been staked out but that was the last he had heard of it.

Mr. Rich said that 75% of the property owners on Bowles Road told him that they did not want to go any further with the sewer if it was going to cost more money and the matter was dropped. Discussion followed, it was stated that a petition would have to be submitted early in January of the following year to be placed in the Warrant for the March meeting. Mr. Rich also called to their attention that if they would look in past years Town Reports, they would find that issues which have come up at the Courtesy Meetings were taken care of, some costing more money, but that it was done.

Ques. What is the present status regarding the dangerous bad curve on Bay Point Road?

Mr. Roberts stated that there was to be an Article in the Warrant covering this, and that Mr. Folsom had made some plans for the fall in regard to same. Mr. Folsom asked if it was in regard to the corners with the pines in point, nothing could be done until land had been obtained.

Ques. Can a tree obstruction on the lake side of Bowles Road bridge be eliminated? G. E. Ludes

Mr. Folsom said they would look at it. Permission was given to cut tree.

Ques. There has been at least two years of talk on the subject of planning and zoning. How about some action in 1968, before it is too late?

Mr. Roberts spoke on Planning Board, who the members of the Board were and explained the maps, One on Soil limitations for Septic Tanks and another on Soil Limitations for homesite locations.

He asked that any suggestions people had to pass them along to the Planning Board. Mr. Frank Mikataguis stated that in the Town Planning he would like to see that any building on land being bought, the minimum lot would have at least 150 feet frontage.

At the conclusion, Mr. Leonard thanked the Town Officers for holding the meeting and requested that another be held in 1968. This was seconded and so voted.

Meeting was closed at 9:30 P. M. 76 persons attended.

Violet A. Jones

Town Clerk

TO: Selectmen, Town of Newbury
 FROM: Area Public Health Nursing Service
 SUBJECT: Participation In Public Health Nursing Program

With the advent of the Medicare and Medicaid programs, it should be pointed out that in order for the Medicare and Medicaid patients to receive the home benefits due them, that the town in which they live must have the services of a certified Public Health Nursing Service. This service can only be obtained by the town voting to retain the services of this program. This can be done in the following manner:-

1. The town must vote to partake in the Area Nursing/ Public Health Program.
2. The town must vote to raise and appropriate the necessary funds to support this program.

May we respectfully request that you insert an article in the Town Warrant reading:

"To see if the Town will vote to raise and appropriate the sum of \$300.00 to become a participating member of the Area Public Health Nursing Association. This Association being a Certified Public Health Association as specified by the Medicare program." The amount mentioned in the proposed article is arrived at by using the Public Health Service formula of an assessment of \$1.00 per capita. This is felt to be the minimum contribution for participation. If you do not feel that you can insert this article in your warrant, would you be so kind as to let us know of your decision, at your earliest convenience? Aside from the obvious benefits of enabling your elderly people to obtain their Medicare benefits, some of the following benefits, less obvious, are as follows:-

1. Public Health Nursing for ALL residents, regardless of age, Medicare status, or economic status.
2. Provides home care for all specialized cases;
 - a. Diabetes, crippled children, terminal cancer, chronic diseases of all types.
 - b. Provides education to these patients so that they may become more selfsufficient.

3. Provides Post-Natal care in priority cases. Such as premature infants, birth defects, mothers requiring special attention.
4. Conducts immunization clinics.
5. In general, tries to promote good general health instructions within the home wherever needed, or requested.
6. Will assist the Town Health Officer in control of communicable diseases and other Town Health problems.

Should any of these points not be clear, or if you should have further questions on this program, feel free to contact the Area Public Health Association and either the Public Health Nurse or a member of the Board of Directors will be most happy to attend a meeting with you, at your convenience, to discuss this with you.

May we urge your cooperation on this matter.

Respectfully yours,

Mrs. Richard Parker

for the Nursing Service

LAKE SUNAPEE BOARD OF TRADE

A substantial portion of our \$17,000.00 Budget is derived from the "Contributions of Encouragement" by the towns and cities within the Sunapee Region. Last year these accumulated contributions totaled more than \$3,200.

It is our belief that Sunapee Region is inescapably bound together in business trade and economic interdependence, and in the mutual sharing of its natural recreational advantages.

It is our hope that Newbury will want to continue to assist us in helping to develop this business trade, through an amount of money which the leaders feel is appropriate for the proportion of business represented in Newbury.

The Fiscal Report of the Treasurer, in summary follows:

THE LAKE SUNAPEE PROTECTIVE ASSOCIATION

TO: The Selectmen of the Towns of
Sunapee
New London
Newbury

FROM: The Lake Sunapee Protective Association
(reported by D. W. Richards, M. D., chairman of the
Committee on Water Purity)

In behalf of the Lake Sunapee Protective Association, I am writing to ask your assistance and collaboration in a matter that we consider vital to the welfare of our community, namely, the purity of Lake Sunapee water.

Specifically, we should like to recommend for your consideration, the appointment, by each of the three towns bordering on Lake Sunapee, of assistant health officers, who will make regular inspection, during the summer months, of the sewage disposal facilities of all properties on the lake shore; as well as the condition of inlets and other waters draining into the lake.

As I am sure you know, in 1965 the Protective Association, under the guidance of Professor Rolf Eliasson of M.I.T., one of our summer residents, initiated a program of testing of Lake Sunapee water for the numbers of coliform bacilli present, at a number of representative points on the lake in the summer months. The initial tests revealed serious pollution at Blodgett's Landing. The source was found where open surface drainage of sewage ran into the lake. This situation was promptly taken care of by the town of Newbury, and Blodgett's water has since had an excellent record.

This testing has been carried out by the Association every year since; in recent years by Dr. Donald Bent of Colby College in New London. There has been a slight but progressive worsening of the coliform counts in Georges Mills and Sunapee Harbor. The counts have been satisfactorily low in other areas.

This enterprise in the public interest has been paid for out of the funds of the Protective Association, in the amount

of \$350 annually; which represents a sizeable fraction of the Association's total budget.

Coming to the specific problem of the need for regular inspection of existing sewage disposal facilities bordering on the lake, I should like to first express again my thanks to the members of the board of selectmen of Sunapee, New London, and Newbury, who met with me at Sunapee on July 29. I learned at this meeting, among other things, that at present an existing sewage disposal facility is examined by the Town Health Officer only upon receiving a complaint, and that the Health Officer's responsibility to the town and the state does not extend beyond the examination of such individual facility, and reporting to the state the results of such examination. I was also informed that the new state legislation providing for regulation of sewage disposal systems, applies only to new building or renovation, but not to existing systems. It was the sense of our meeting, as I understood it, that a more complete inspection of existing facilities would be desirable; and I was referred, for further information and advice, to the New Hampshire Water Supply and Pollution Control Commission in Concord.

This I did, and had a most interesting and profitable meeting with Mr. R. P. Grossman, of this Commission, in Concord on August 3. I also consulted Mr. Grossman again, by telephone, on August 23. The essential features of the information and advice which Mr. Grossman gave me are as follows:

I. The serious consequences of sewage pollution of a fresh water lake are: (a) human bacteria (as measured by coliform counts), and (b) scum formation.

(a) Human bacteria are destroyed by adequate septic tank and fields, or other proper sewage systems placed at sufficient distance from the lake.

(b) Scum formation is actually a heavy overgrowth of normally occurring algae, a vegetable growth in fresh water. Such overgrowth tends to occur in shallow, warm water, relatively stagnant, such as small ponds, or bays or inlets of deep water lakes. It is nourished and fostered by all forms of sewage draining into the water, especially when detergents (all detergents) are used; since these provide phosphates, which are an essential nutrient for algae growth.

Obviously, if raw sewage runs into the lake, the situation is much aggravated. When scum formation has once started, it is difficult to get rid of. Mr. Grossman cited the serious problem of Kezar Lake, and other nearby lakes. The only way at present known to get rid of algae overgrowth is to pour in large amounts of copper sulfate. This may kill large numbers of fish, or even all the fish in the water.

That this problem not only threatens but actually exists at Lake Sunapee can be seen now in the brook that runs into the lake just south of Soo Nipi Park Lodge. Here, suddenly a few weeks ago, appeared a heavy layer of fetid scum, which is now emptying into the lake. Evidently the sewage disposal system of the old hotel, over a period of seventy years or more, has so impregnated the drainage area of the brook that it is still feeding the brook, and heavy overgrowth of algae has suddenly appeared.

I give the above in some detail to illustrate the potential seriousness of our problem, and the need to do everything possible, now, to clear up inadequate sewage disposal on the lake wherever indicated.

II. As to the provisions of an inspection system, Mr. Grossman was very encouraging. He does not feel that this would be either difficult or expensive. He suggests the following steps.

1. Assistant Health Officer. It is recommended that each of the three towns establish the position of Assistant Health Officer, to serve during the summer months only. Mr. Grossman believes that there would be no difficulty in obtaining such an appointment from the State, upon recommendation from the Town, according to the same procedure as that employed for the appointment of Town Health Officer.

2. Duties of Assistant Health Officer. The duties of this officer would be to examine successively, the sewage disposal facilities of all properties bordering on the lake within his township, and of the inlets and brooks emptying into the lake. When indicated he would take samples of lake and inlet water, to be tested for coliform count and for phosphate concentration. He would report all unsatisfactory or doubtful conditions to the State Water Supply and Pollution Control Commission; which would then further in-

spect, and take necessary action.

3. Employment. It is suggested that Sunapee, with the longer shore line, could employ one man for July and August; New London and Newbury might share one man, to serve one town in July, the other in August. As an estimate if one man made 8 inspections per day, in 9 weeks he could cover about 360 properties.

4. Salary. For a student or graduate student, Mr. Grossman thought that this would be in the range of \$90 to \$100 per week (this being what they get elsewhere); for an older person, such as a high-school teacher or retired sanitary officer, somewhat higher but not greatly so.

5. Instruction. Mr. Grossman said that his Commission would be willing to give the necessary instruction to these officers, to enable them to make the inspections and testings.

6. Testing. The Commission would provide sampling equipment, and would carry out the laboratory tests in their laboratories in Concord.

7. Recruitment. The Protective Association would be glad to make inquiries, if the Selectmen wish, and refer possible candidates to them.

III. Role of the Protective Association. We are greatly interested in this, both as a short term and long term effort, for the preservation and protection of the purity of our lake water. At this time we do not have funds for more than the continuation of our regular testing of lake water, which, as stated, comes to \$350 a year.

We are especially interested in keeping careful records of all information obtained, and would hope that we could work with the assistant health officer in establishing and keeping such records.

If in any other ways the Protective Association can be of help, please be assured that we should be glad to do so.
